

Hue

Hue is the open source UI that interacts with Apache Hadoop and its ecosystem components, such as Hive, Pig, and Oozie. It is also a framework for creating interactive Web applications.

For information about Hue compatibility with MapR versions, see the [Ecosystem Support Matrix](#).

Hue is supported on the following browsers:

Windows	Linux	Mac
Chrome	Chrome	Chrome
Firefox 3.6+	Firefox 3.6+	Firefox 3.6+
